

Questions and Answers
ITB# 15-12-09
5th Street and Church Avenue Streetscape Improvements

- Q. Page 3 of Bid Form speaks to Davis-Bacon ACT. Will this Act apply?
A. **Because the project uses local funds only, no provisions will apply. (See Addendum No. 1)**
- Q. Is it possible to get the engineers estimates?
A. **The City typically does not provide the estimates.**
- Q. For the excavation permit, do the City plans supersede any requirements?
A. **Yes.**
- Q. The plans show a mill layout that has a lot of curves and angles. If we straighten the side facing the street, do we get paid for the extra quantity?
A. **Asphalt is paid on a unit price basis. If the City requests any changes to the plans, the Successful Bidder will be compensated at the unit price.**
- Q. Is there control data for survey available?
A. **Yes, the City placed a nail in the sidewalk and the CAD file will be given to the Successful Bidder for use in stakeout.**
- Q. Is the line striping included in the bid?
A. **Striping is not included in Bids.**
- Q. Is work being done to YMCA going to be complete by the time we start on this project?
A. **It is doubtful that they will be done. You will still be able to perform the work.**
- Q. Does the traffic control need to be engineered?
A. **Must be submitted to City Traffic Engineer.**
- Q. In the Special Conditions Section, the sign shows a construction start date displayed. Do we need to have a sign that shows the start date?
A. **The Sign does not need to display the start dates.**
- Q. Does the City hold our Bond for 2 years?
A. **Yes**
- Q. Are you requiring a root barrier?
A. **Not for this project**
- Q. Are there any planned utility relocations aside from manhole adjustments?
A. **Not for this project.**
- Q. Is there more than one entrance to the parking area?
A. **Yes**
